Aurasma looks cool!

Aurasma is a cool app! It's special, looks useful, and you are going to like it very much.

Every day, you bring homework with pictures. There are also pictures in your textbooks. They help you with your studying and looks like manga. Manga? Well, just a little. But, with the Aurasma app on your school's iPad and using your iPhone/smartphone at home, these pictures can come to life.

You can have fun and learn more in the classroom. This time, you want homework!!

***Wi-Fi classroom connection is needed.*

Your English notebook:

Jurassic World was a popular movie in the theater. Imagine dinosaurs running in the park!

Scan Me!

The park is OPEN!

Looks new

It looks COOL! The dinosaurs are...

Scan Me!

Sounds fun!

Q & A:

1. What do you see in the pictures? Does this park look fun or scary?
(For example: I see ~. This park looks ~.)
