\_\_\_\_\_

## These are TV shows which became popular!

Doraemon and One Piece are known by many young Japanese because they are popular. They are in manga books, games, and on TV.

Which do you like the best? Reading these books, playing them on a game console, or watching them on TV? If you like to watch them, they are usually seen on TV every week. But, did you know they are also popular in other countries? Did you know when they came to the U.S.A. and in England?

Below are the two TV shows which just became popular in English!

Let's watch these TV intros.

### Q & A:

1. What is popular in Japan?

(For example: This is ~ which became ~ in Japan. It is called ~.)
