

The ~ is the fastest ~.

A: Which is the fastest of the three?
 B: The plane is the fastest of the three.

Role Play!

Write the answer, add "est".

1. ()

2. ()

3. ()

fast => <u>fastest</u>	big => <u>biggest</u>	ugly => <u>ugliest</u>	good => <u>best</u>
------------------------	-----------------------	------------------------	---------------------

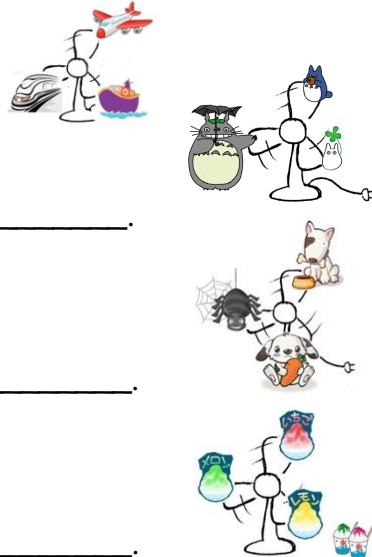

good | cute | big | ugly | small | bad

Write your partner's answer, "O."

1.	gray Totoro		blue Totoro		white Totoro	
2.	spider		dog		rabbit	
3.	melon kakigori		strawberry kakigori		lemon kakigori	

Writing!

Example: The plane is the fastest of the three. (fast)

1. _____
 (big)

2. _____
 (cute)

3. _____
 (good)

Practice!

Write. Then, interview your partner.

4. Which is the () of the four?

Winter | Spring | Summer | Fall

(cold)

(hot)

5. Which is the () of all?

The U.S.A	England	Russia
Canada	France	Japan
Mexico	Italy	Taiwan

(big)

(small)

6. Which is the () of all?

watermelon	orange	apple
grape	pear	pineapple
lemon	cherry	banana
strawberry		

(good)

(bad)

Write your partner's answer.

4.		5.		6.	
----	--	----	--	----	--

Who is the shortest student?

$$E = mc^2$$

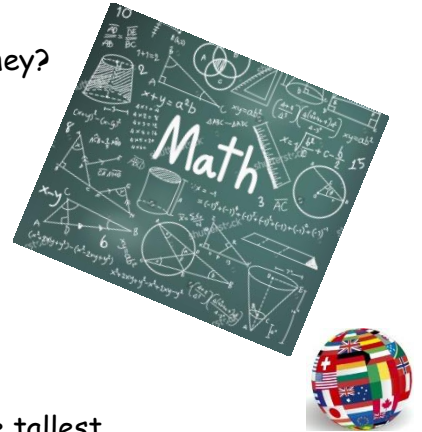

Student's Name	Height (cm)	Order of height
Taro		
Matt	280	1
Haru	195	
Lisa		
Aoi		
Alice	212	

1. Use these hints and write your answers. How tall are they?

Haru is 15 cm shorter than Taro.

Matt is 120 cm taller than Lisa.

Aoi is 3 cm taller than Alice.

2. Write the order of height from 1 to 6, with 1 being the tallest

3. Matt, Lisa, and Alice are from the U.S.A. They don't use cm in their country. But, they use feet and inches. Let's learn to use feet and inches! How tall are they?

Hint:

2.54 cm = 1 inch

12 inch = 1 foot

30.48 cm = 1 foot

Student's Name	Height (ft & in)
Taro	
Matt	
Haru	
Lisa	
Aoi	
Alice	

Example: If a man is 203.2 cm tall, what is his height in feet and inches?

$$203.2 \text{ cm} \times 0.3937008 = 80''$$

$$\frac{80}{12} = 6.67 \text{ feet}$$

Remainder is $0.67 \times 12 = 8.04$ inches

$\frac{80}{12}$ is about 6 feet and the remainder is about 8 inches

Answer: 6 feet 8 inches

What does Math class look like in another country? Do you think that this class is easier than your class? Let's find out!

If you think that your Math class is the hardest class in your school...
