

## Cultural Learning!

### Would you like to watch it again?

In English class, you just watched a short video. That TV show is called "The Voice". Have you ever watched it in Japan? If not, it has been popular since 2011 and has its own version around the world.

Because you have just watched this video, what do you think of it? Were you surprised to hear all those songs sung in English? They can really sing!!

Do you think that you can sing a song in English, too? Let's try it when you have cultural festival. Please choose an English song. You can do it!
