E-Learning

Today, e-learning in higher education is attracting more attention. Many colleges are planning to offer lectures in various fields online. E-learning allows people to watch these at any time. As a result, it is regarded as a convenient way for busy people to study. As more people become interested in life-long learning, e-learning will probably play an important role in the future.

Your story should begin with this sentence: **One day, Mr. and Mrs. Tanaka were talking about e-learning.**
