Pet Stress

Pets often help reduce people's stress. Today, however, many pets themselves are suffering from stress. Pets under heavy stress often show unusual behavior. To keep their pets healthy, good pet owners watch out for such behavior in their pets. Some pet owners know little about pet stress, so experts often give them advice about better ways of taking care of their pets.

Your story should begin with this sentence: One day, Mr. and Mrs. Uno moved into an apartment building which allowed pets.
